### DUFFY'S PURE MALT WHISKEY

It is an absolutely pure distillation of malt, without fusel oil; it is recognized by the Government as a medicine. This is a guarantee. It is a tonic stimulant recommended by physicians of every school. It arrests the progress of physical decay, strengthens the heart, enriches the blood, nourishes the nerves, and allays the disease and promotes health and longevity. Doctors say it is "a form of food" and as long as it is used, it keeps the system in the best of health. It is prescribed and used by over 7000 doctors. Used exclusively in over 2000 hospitals.

CAUTION—When you ask for Duffy's Pure Malt Whiskey be sure you get the genuine. Unscrupulous dealers, mislead of the excellence of this preparation, will try to sell you cheap imitations and malt whiskey substitutes, which are put on the market for profit only, and which, far from relieving the sick, are positively harmful. Demand "Duffy's" and be sure you get it. It is the only absolutely pure Malt Whiskey. Sold in bulk, look for the trade-mark, the "Old Chemist" on the label, and be certain the seal over the cork is unbroken. Beware of re-filled bottles.

## Spring Time Need of a Good Tonic

MR. DRUEHL OF THE SMITH DRUG CO. TELLS ABOUT SPRING MEDICINES AND THEIR USES.

"We often have people come to our store for something to 'brace them up,' said Mr. Druehl of the Smith Drug Co. 'We always recommend Rexall Mucuo-Tone as the ideal remedy, with the result that they invariably come back, not for the money, which we have always guaranteed to return in case of dissatisfaction, but to speak in the most appreciative terms of this wonderful remedy, and to thank us for having urged them to take it for their springtime ailments.'"

"These customers think they are merely run down, out of sorts and think they want a tonic, when in reality they are suffering with systematic catarrh, a form of disease where the catarrhal condition is scattered throughout the whole body. "Rexall Mucuo-Tone is a catarrh cure which we know will cure every form of catarrhal disorder. It is a nutritive tonic, body builder and blood purifier. It has won the highest praises not only here but all over the country. It cleanses the mucous membranes of the body, drives out the poison, builds up the wasted tissues. Because it does all this Mucuo-Tone is to our notion the ideal spring tonic. The very first dose of Mucuo-Tone braces you up, while the next four doses of it straighten you out three times a day will make you feel like a new person. "It will rebuild your whole system, making you fairly bubble over with good spirits, buoyancy and vigor of perfect health. "If you are feeling badly, are afraid you are going to be sick; if you are run down and miserable generally, our advice is to take a fifty cent bottle of Mucuo-Tone. It doesn't straighten you right up and make you feel better than you have in months we will promptly return your money."—Smith Drug Co. also Druehl & Frank.

### WINE WILL BE IN EXHIBIT.

#### California Governor Tries to Allay Apparent Misapprehensions.

SACRAMENTO, Cal., April 19.—At the Governor's office for several days protests from temperance and religious organizations have been received against the retailing of wines and liquors in the California State building at the Portland exposition. In speaking of the matter today, Gov. Pardee said: "It is evident that somebody has been misinformed in this matter. They appear to think that a bar is to be set up in the State building for the retailing of California wines and brandies. That is all a mistake. No such thing is going to happen. In placing California's exhibit in the State building at Portland the law will be followed, of course. "The law says that in the State building there shall be a display or exhibit of the products of the State of California. Now, wine is a product of California, just as much as grapes, potatoes, threshing machines, oranges or hops are products, and it follows that wine must, under the provisions of the law, be exhibited just the same as other articles produced in the State."

### FOOD BECOMES SCARE.

#### Railroad Strike Holds Up Immigrants at Rome.

ROME, April 19.—The railroad strike continues and the situation is practically the same as yesterday. Several thousand emigrants, mostly going to America, could not leave this city because it was impossible for them to reach Naples. "Food and provisions at Florence, owing to the strike, are becoming scarce. Arrangements have been made to have fish and meat taken to the city by carts."

### MR. C. H. STRUBLE, WHO IS IN HIS 81ST YEAR, THANKS GOD FOR THE GREAT GOOD HE HAS DERIVED FROM THE USE OF DUFFY'S PURE MALT WHISKEY.

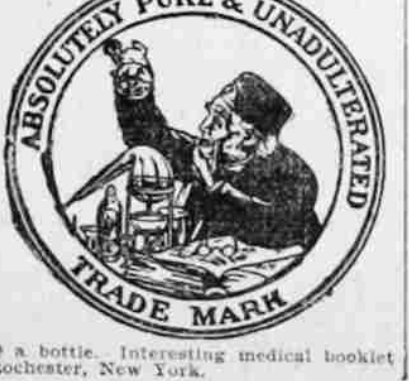

"I cannot say too much for Duffy's. It has made a new man of me."

Gentlemen—I am almost 81 years old, and my health has always been good, with one exception. During the past two years I have been troubled with weak spells and a general feeling, as though I was about to collapse. I tried a great many different remedies, but failed to find anything to give me relief. I had Duffy's Pure Malt Whiskey recommended to me, and I bought a bottle and commenced using it according to directions. Before I had used the one bottle I found it was helping me very much. It made me feel stronger, and that tired, sluggish feeling left me completely, and as long as I use Duffy's Pure Malt Whiskey I feel well, strong and able to do all kinds of hard work. I continue to use it as my only medicine, as it has done me much good in building up my system. It has made a new man of me. I feel very grateful and cannot say too much in favor of Duffy's after the great good it has done me.—C. H. STRUBLE.

### OLDEST PENSIONER.

Was Born in 1800, and Lives at Ava, New York.

AVA, N. Y., April 19.—Hiram S. Cronk, the only surviving pensioner of the war of 1812, celebrated his one hundred and fifth birthday today. The aged veteran lives with his daughter, Mrs. Sarah A. Rowley, on a farm at the outskirts of this village. He enjoys splendid health for a man of such great age, and his faculties are as keen as those of many people only half his age. Mr. Cronk's career has been notably that of a true and patriotic American. Born April 19, 1800, in Herkimer county, N. Y., to Mr. and Mrs. James Cronk, who were among the first settlers of the Mohawk valley, he was reared on a farm until 14 years old, when he enlisted with Capt. Edmund Fuller at Western, N. Y., in the New York volunteers. The same day James Cronk, the father, and John and Caspar Cronk, brothers, enlisted with the same regiment. All served in the defense of Sackett's harbor and at the close of the war with England the father and three sons were honorably discharged. Hiram S. Cronk survived his father and brothers, but they all reached a ripe old age. Until three years ago the venerable pensioner drew only \$12 per month, but Congress has increased his pension to \$25 a month.

## SALT LAKE IS HEARD FROM

### Offers Woodmen Fine Building.

#### No Other City Has Yet Made Any Such Inducement.

#### Zion Delegation at Woodmen Convention Makes Strenuous Fight for Headquarters.

LOS ANGELES, Cal., April 19.—The convention of Pacific division of the order of Modern Woodmen of the World convened in their second day's session at 10 o'clock this morning. The early part of the day was taken up with the consideration of routine matters.

#### Head Consul Fight Is On.

Great interest is being manifested in the election of a successor to Head Consul Fournier, which will take place tomorrow morning at 10 o'clock. So far the fight is between Foley and I. I. Boak of Denver, present head of the order, with A. B. Keith of Butte, Mont., a likely challenger.

#### Salt Lake Makes Offer.

Salt Lake is making the most strenuous effort of any of the cities to secure the location of permanent headquarters of both the Woodmen and the Women of Woodcraft. A telegram was received today from the President of the City Council of Salt Lake pledging the donation of a \$20,000 building to the Woodmen for location of their headquarters there, and also a pledge of a \$15,000 lot to the coordinate woman's branch for the location of its headquarters.

#### Ahead of Competitors.

None of the other cities that are competing for the location has as yet made any such inducements.

#### MAY GET HEADQUARTERS.

#### Prospects for Salt Lake Getting Woodmen Are Good.

Prospects for the Woodmen headquarters being secured for Salt Lake are good according to a telegram received by President Hewlett of the City Council last night. Mrs. Ida J. Thompson, an officer of the Women of Woodcraft, was asking to know the value of the lot donated by the city for the Woodmen. The telegram reads: "The prospects are good."

#### "IDA J. THOMPSON."

President Hewlett sent the following reply: "Five thousand dollars, central location, opposite city and county building."

#### PANAMA WAS AROUSED.

#### Vigorously Protested Against Opening of Canal Ports.

WASHINGTON, April 19.—How acutely the Panamanian Government had been aroused last summer, prior to the visit of Secretary Taft, over the opening of ports on the Panama canal zone, is apparent from correspondence in the State department today. Included in this correspondence is a note of protest from the Panamanian Minister for Foreign Affairs to Minister Barrett, in which he says: "The Republic of Panama has not only the right to expect respect, but especially more deferential treatment than that which she has received. The treaty of November 18, 1903, cannot and should not serve as a pretext for unusual tendencies. It is really a bond of perpetual union between the two nations upon which the eyes of the universe are fixed with the expectation of the great benefit which the world has every right to look forward to. Starting, then, with this same conception, my Government cannot accept the idea that the opening of the said ports was in obedience to the orders of your Excellency's Government, but to the erroneous interpretations of the respective treaty on the part of the authorities of the canal zone. "Upon receipt of the protest at the State department, Mr. Loomis, the acting Secretary of State, called Mr. Barrett, directing him to assure the Panamanian Government that the American Government will do nothing inconsistent with the honor and true interests of both republics; that it will assist and uphold Panama in every proper way, and that it will not adopt at this time any permanent policy without fully consulting Panama."

## Hall Chief Figure in Land Fraud Cases

#### He Is Given Ten Days in Which to Answer Demurrer to Plea in Abatement.

PORTLAND, Or., April 19.—Ex-District Attorney John H. Hall figured as the chief actor in the land fraud proceedings before the Federal court this morning, and it was agreed that District Attorney Heney should file a brief in support of his demurrer to Hall's plea in abatement; that the latter should have ten days in which to answer same, and that instead of arguing the matter orally the questions involved should be submitted to the court entirely in brief form.

#### Charged With Conspiracy.

Hall was indicted January 13 by the late Federal grand jury upon a charge of having conspired with Attorneys J. H. Hittings and Charles F. Lord, Deputy Sheriff John Cordano, Detective Henry P. Ford and ex-Mayor Harry V. Rees in an attempt to besmirch the character of Heney.

#### Minister Is Also Involved.

It was agreed also that the cases of Rev. Stephen W. Turner, a Roseburg minister, Receiver J. H. Booth of the Roseburg land office, his brother-in-law, Frank E. Singleton, and Frank E. Alley, the Roseburg abductor, should be combined and the same course pursued with them as in the Hall matter, each of the defendants having filed pleas in abatement, which were demurred to by Heney.

#### First Indictment Dismissed.

Heney consented to dismiss the first indictment found against Hall and others in the impediment to justice case, the indictment under which the defendants were made this morning covering, practically the same grounds, and was returned for the purpose of curing technical defects in the original indictment.

#### CLAIMS RIGHT TO FORTUNE.

#### Press Dispatch Finds Heir to California Estate.

NORFOLK, Va., April 19.—Publication in Philadelphia of an Associated Press dispatch from Norfolk stating that Thomas Vandaw, formerly a conspicuous figure in Norfolk, who died two years ago in the Eastern State asylum at Williamsburg, Va., was the heir of the larger portion of a California estate worth upward of \$1,000,000 brought to Norfolk today a letter from Mrs. Anna R. Lupton of 368 Ellison street, Patterson, N. J., who says she is a cousin of Vandaw and the last member of one branch of the old Vandaw family.

Mrs. Lupton says she heard from Vandaw three years ago, but that the letter and other valuables were destroyed in the Patterson fire and since then she has lost trace of the Norfolk man. The Patterson woman requests the name of California and Norfolk lawyers interested in the Vandaw estate and these will be sent to her at once.

#### A SUDDEN TWINGE

Of pain is generally the first warning of an attack of rheumatism. It feels as if the disease were in the bones or muscles, but the real cause of rheumatism is found in impure blood. In order to cure rheumatism the blood must be cleansed of the poisonous impurities which are the cause of the disease.

#### Dr. Pierce's Golden Medical Discovery

has been very successful in the cure of rheumatism, because it entirely cleanses the blood from the poisonous uric acid which is the cause of the disease. "Your 'Golden Medical Discovery' cured me of rheumatism after I had tried a dozen remedies without relief. I also got West in search of health," writes Harry Kuter, of No. 1645 6th Street, Denver, Colo. "Only those who have suffered from this dread malady know the pain and misery endured for over five years. Whenever the weather was damp or cold my troubles were increased and my joints would be so stiff and sore that I was hardly able to move about, and often unable to dress myself. I used a number of highly recommended medicines, but they had no effect whatever on me, and I came to Colorado hoping to regain my health, but failed to obtain the relief I had hoped for. A gentleman in the house where I lived advised me to use Dr. Pierce's Golden Medical Discovery, and in four months and a half after I began using it I was a well man, and have had no touch of it for the past seven months."

The sole motive for substitution is to permit the dealer to make the little more profit paid by the sale of less meritorious medicines. He gains; you lose. Therefore accept no substitute for "Golden Medical Discovery."

These tiny, sugar-coated antibilious granules regulate and invigorate Stomach, Liver and Bowels. Do not neglect the "pill habit," but cure constipation suffered from each day for a laxative and regulator, three or four for an active cathartic. Once tried stays in favor. Put up in vials; always fresh and reliable.

HAVRE, Mont., April 19.—The dead body of Lizzie Booth, an eighteen-year-old girl, the step-daughter of George Carde, was found in a Chinese bunkhouse, known as a "hop" joint, today. The body was covered with bruises, and Coroner Gray believes she had been killed. Toy, a Chinese gambler, has been arrested on suspicion. The affair has created no little indignation.
